Josh:

Thank you for touching base. I have been exchanging messages today with program management regarding the language of the MOU, and expect to brief the Division Director some time next week now. She has been on travel much of the last several weeks.

Regards,

Erik

Josh,

I have inquired again of my program client about their review of my recommendations with regard to the MOU. My understanding is that the division director has been on travel, and there may be opportunity for her staff to touch base with her today on this matter. I will let you know as soon as I hear back.

Regards,

Erik
